

Norman Aranda Luna

Fullstack Software Engineer

(+505) 7690-7185 • normanlunadev@gmail.com • www.linkedin.com/in/normanaluna • Managua, Nicaragua

SUMMARY

As a Software Engineer, I have made significant decisions in implementing new technologies and developing applications independently for businesses such as Licorería Cocibolca. Additionally, I have led the development of websites and determined the technologies to use, along with managing web applications for projects at Shuttle IT Consulting.

With my adaptability to various projects and technologies, I am always eager to expand my knowledge to become a valuable resource for any company. Moreover, I believe that teamwork is fundamental to the successful and timely completion of projects. As a passionate technology enthusiast, I strive for continuous improvement in all aspects.

EXPERIENCE

SHUTTLE IT CONSULTING

Fullstack Developer

Managua, Nicaragua

Feb, 2024 - Ongoing

Shuttle IT Consulting partners with clients throughout their digital transformation journey, offering comprehensive support to integrate innovative technologies seamlessly into their operations.

- Collaborated with UX/UI designers using Figma to develop pixel-perfect web pages.
- Led the development of custom web pages with responsive design, performance optimization, and SEO using technologies such as Astro, Remix, Strapi, and Swiper.
- Developed and optimized management/billing software tailored for vehicle workshops using Remix, MUI Material, Zod, and other tools.

LICORERÍA COCIBOLCA

Web Developer

Granada, Nicaragua

Dec, 2021 - Dec, 2023

Cocibolca Liquor Store is a family business dedicated to selling liquors in Granada, Nicaragua.

- Developed an online catalog using Remix for frontend and Supabase as the database.
- Designed a billing and inventory system using Remix for frontend, NestJS for backend, and Supabase (Serverless PostgreSQL) as the database.
